South Ribble site allocations: soundness/legality/DtC:

The proposed housing in Longton is not appropriate.

I understand that there are plans for 270 dwellings off Chapel Lane, Longton. This is a landlocked site with heavy congestion on the road already, necessitating traffic calming measures. There is a primary school that heavily contributes towards this congestion. Often, there are cars parked inappropriately causing blockages or traffic.

It is not sustainable safe housing. New roadworks and access routes would be required, potentially a roundabout from the adjoining A59 to make this a safe access point for all residents and locals.

There is also significant concern regarding flood risk as the area is already prone to flooding and it has been identified that the sewerage network is beyond capacity, in need of urgent repair work.

The biodiversity of the area will also be affected. I understand that there is wildlife on this land that will be displaced by the proposed development.

283 Please set out the modification(s) you consider necessary to make the Central Lancashire Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified in the question above. (Please note that non-compliance with the duty to co-operate is incapable of modification at Examination). You will need to say why each modification will make the Central Lancashire Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

South Ribble site allocations: modifications:

Finding an alternative site for housing in South Ribble (not sure why Longton is carrying Chorley's housing requirements too?)

Reduce the number of proposed houses

New roadworks to make the surrounding streets safe and accessible

Full consideration of the impact on wildlife

284 Do you wish to make another representation?

No
