South Ribble site allocations: soundness/legality/DtC:

The proposed allocation for employment land under ref. EC4.1 is supported. The land is under the control of Leyland Trucks and is part of their long term strategy for the expansion and improvement of their factory at Croston Lane. Leyland Trucks is one of Britain's leading manufacturing companies and is PACCAR's established centre for light and medium duty truck design, development and manufacture. The existing premises have been subject to an ongoing programme of improvement over many years and the subject land has been identified as being suitable for further expansion of the business to increase turnover. This will also result in the creation of a significant number of new jobs. As such, the employment allocation is not only supported but is essential to the future success of Leyland Trucks, one of South Ribble's most important employers.

283 Please set out the modification(s) you consider necessary to make the Central Lancashire Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified in the question above. (Please note that non-compliance with the duty to co-operate is incapable of modification at Examination). You will need to say why each modification will make the Central Lancashire Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.
