250 Please give details of why you consider the Central Lancashire Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible (i.e., if objecting on legal grounds then please quote the specific law that the Central Lancashire Local Plan does not conform with). If you wish to support the legal compliance or soundness of the Central Lancashire Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

Policy ST2: Legal Compliance:

In reference to the Chapel Lane development in Longton.

In the plan, in the Highways section point 5(d) talks about no impact on the local community.

The entrance to the site/development is a 'T' junction onto Chapel Lane.

This road is already quite dangerous with the speeds people drive down the road, even with traffic controls in place, and at peak times it is like grid lock. It literally is, there are cars parked all the way down the road before and after the school. These cars are mainly for children attending St Oswalds school which is very close to the 'T' junction proposed. With children getting in and out of cars on the road, plus the normal road users trying to get down Chapel Lane, this creates a very very busy road and I'm amazed I've not heard of more accidents. To have an entrance to the new estate here is just crazy. It will just create more grid lock as cars will be waiting and waiting to get out. Children also walk down the pavement and will have to cross this new road. When construction is in progress we will also have big trucks with materials or big grab wagons added to the mix, more dangers for children. Not to mention workers driving to site in pick up vans and panel vans.

251 Please set out the modification(s) you consider necessary to make the Central Lancashire Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified in the question above. (Please note that non-compliance with the duty to co-operate is incapable of modification at Examination). You will need to say why each modification will make the Central Lancashire Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

ST2: Modifications:

The only way to make it safe to access this new estate is an entrance from the A59 bypass. This would avoid all traffic going on and off the site from driving down Chapel Lane.

252 Do you wish to make a representation about a different section of the Plan?

No
