South Ribble site allocations: soundness/legality/DtC:

lovell & redrow developments have been going on for a number of years and the disruption noise dirt and increase in traffic volume has been overwhelming.

The infrastructure can not sustain the volume of new homes you are proposing for this area. How will our schools and doctors cope. Schools are oversubscribed certainly secondary.

Have you looked at these numbers and spoken to the local schools in the area?

Farming is already going to the dogs under the new government and we should be supporting and retaining our farmland.

Properties would be undesirable next to and close to the sewage works.

Overall this housing development is extremely unsuitable, the quality of life for current homeowner's will be massively impacted.

The traffic congestion and changing the whole aspect of the area negatively for the local community.

283 Please set out the modification(s) you consider necessary to make the Central Lancashire Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified in the question above. (Please note that non-compliance with the duty to co-operate is incapable of modification at Examination). You will need to say why each modification will make the Central Lancashire Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.
