If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

The plan is considered to be unsound because it is not consistent with national policy, in particular paragraph 124 of the NPPF. This requires planning policies to promote an effective use of land in meeting the need for homes and other uses, while safeguarding and improving the environment and ensuring safe and healthy living conditions Policy SS1 para.3, states that 'New development will be focussed within settlement boundaries and on allocated sites as shown on the Policies Map'. As per the requirements of Policy SS1, The two parcels of land shown on the accompanying plan ought to be considered as additional housing allocations within the Plan to enable the maximum deliverability of the housing requirements within the Plan period. The allocation of these parcels of land within the Plan will promote the effective use of land, within the proposed settlement boundary, that would otherwise be redundant. The land is available now and is suitable to allocate for housing.

(Continue on a separate sheet /expand box if necessary)

6. Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at 5 above. (Please note that non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

The housing allocations should include the two parcels of land shown on the attached plan.
