This area is Greenfield / belt site.

Previous plan of 2015 Policy E2 (Protection of Employment Areas & Sites) allocates this area for commercial use with access from Sceptre way.

283 Please set out the modification(s) you consider necessary to make the Central Lancashire Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified in the question above. (Please note that non-compliance with the duty to co-operate is incapable of modification at Examination). You will need to say why each modification will make the Central Lancashire Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

South Ribble site allocations: modifications:

[REDACTED]. With the development of multiple estates on Brindle Lane since 2004, the volume of traffic has exponentially increased. So has the speeding of cars down the Lane. Although the entry of lorries more than 7.5 T is restricted on Kellet Lane, there is still a massive flow of heavy lorries during the day. No Police presence / deterrence!! The road is becoming unsafe for children and pets. Also for us drivers as we slow down to enter our drives.

With the proposed development of 60 dwellings, there will be a further increase in traffic and safety issues will increase. We bought our house [REDACTED] for privacy, this will be eroded if a bunch of 60-80 houses are built [REDACTED]. This will have a massive impact on house prices as well and the Lane will become more congested defeating the exact purpose we chose to buy..

284 Do you wish to make another representation?

No

Yes, I wish to participate in hearing session(s)

302 If you have answered 'yes' to the question above, wishing to participate in the hearing session(s), please outline why you consider this to be necessary:

why participation is necessary:

Am a resident of Kellet Lane and I feel very strongly that our safety, privacy is not been considered. This proposed development is on a Greenfield site. This development will have a direct affect on house prices and the volume of traffic on the Lane.
