South Ribble site allocations: soundness/legality/DtC:

Church Lane, Farington. Amazingly the plan states that it situates within flood zone 1 and low surface water flood risk. The assessment has clearly not been carried out due to the multiple flood events which occur down Church Lane as a result of surface water run off. Either 2 or 3 occasions so far within 2 months of 2025, let alone the multitude of events over the years.

Records must exist for the number of times "danger flood" signs have been put out.

High water table down Church Lane exacerbate the issue - lift the floorboards under the ground floor of the houses to see water underneath (parents in-law live on Church Lane and can easily demonstrate).

283 Please set out the modification(s) you consider necessary to make the Central Lancashire Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified in the question above. (Please note that non-compliance with the duty to co-operate is incapable of modification at Examination). You will need to say why each modification will make the Central Lancashire Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

South Ribble site allocations: modifications:

Don't build in areas at risk of high flood. Putting in place houses/infrastructure which takes away the earth's natural ability to soak up rainwater and act like a sponge will only exacerbate the issue

284 Do you wish to make another representation?

No
