South Ribble site allocations: soundness/legality/DtC:

The amount of planned dwellings for this small village is not safe or appropriate.

The carriageway of Chappel lane is already struggling with congestion. Traffic calming measures have been put into place but at key times such as office or school hours it becomes totally gridlocked. It's not a safe road for school children to cross do another 200 homes will put a real strain on road safety.

These new houses will cause a flood risk to the whole village. Longton does not have a good drainage system as it is, wiping out green land for concrete will make this much worse.

The new site also borders on the villages one nature reserve which is a local treasure teeming with wildlife. A removal of nearby green spaces will remove homes for birds and insects and that will have a knock on effect on the reserve.

People want to live in Longton because it's a nice pleasant village but making it into basically a housing estate will devalue the whole area.

283 Please set out the modification(s) you consider necessary to make the Central Lancashire Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified in the question above. (Please note that non-compliance with the duty to co-operate is incapable of modification at Examination). You will need to say why each modification will make the Central Lancashire Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.
