No

Spatial Vision: Soundness/legal/DtC - c) Effective:

No

Spatial Vision: Soundness/legal/DtC - d) Consistent with national policy:

No

Spatial Vision: Soundness/legal/DtC - Complies with the Duty to Cooperate:

Yes

259 Please give details of why you consider the Central Lancashire Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible (i.e., if objecting on legal grounds then please quote the specific law that the Central Lancashire Local Plan does not conform with). If you wish to support the legal compliance or soundness of the Central Lancashire Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

Policy ID1: Legal Compliance:

We do not believe that the Local Plan takes into account the fact that the local infrastructure cannot cope with the proposed increase residents. The highways are already congested and unsuitable for the significant increase these developments will generate. Surveys of the local roads are often taken at quieter times eg school holidays and therefore are not a true representation of the volume of traffic already using the roads surrounding these potential developments. We acknowledge that the impact on schools, doctors, dentists and, not least, the environment etc are beyond the scope of this plan but these factors too must be taken into consideration before approvals are granted.

260 Please set out the modification(s) you consider necessary to make the Central Lancashire Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified in the question above. (Please note that non-compliance with the duty to co-operate is incapable of modification at Examination). You will need to say why each modification will make the Central Lancashire Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

ID1: Modifications:

Developers must firstly commit to substantially improve the infrastructure in the areas around any development before they are granted permission to build. These must then be approved by the Council BEFORE the work commences. They must also ensure that the local services are financially supported to enable them to cope with the increase in population.

261 Do you wish to make a representations about a different section of the Plan?

No
