272 Please give details of why you consider the Central Lancashire Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible (i.e., if objecting on legal grounds then please quote the specific law that the Central Lancashire Local Plan does not conform with). If you wish to support the legal compliance or soundness of the Central Lancashire Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

Chorley site allocations: soundness/legality/DtC:

The proposed site is unsuitable, I have concerns regarding safe and secure access and egress. The current plan does not provide adequate or unobstructed entry and exit, which is essential for ensuring safety, facilitating emergency evacuations, and complying with building regulations. As a current resident of Cross Keys Drive, I am already concerned about the ongoing issue of vehicles parking on the pavement. The street is often congested, creating hazards for both pedestrians and motorists. The addition of more properties would only worsen these conditions and significantly increase the risk. As a parent, I'm particularly concerned about the growing volume of traffic on this cul-de-sac and the safety of my children.

273 Please set out the modification(s) you consider necessary to make the Central Lancashire Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified in the question above. (Please note that non-compliance with the duty to co-operate is incapable of modification at Examination). You will need to say why each modification will make the Central Lancashire Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Chorley site allocations: modifications:

Request the Inspector consider modifications 1. Removal of this valued green site from the proposed plan, due to unsafe access via Delph Way and Cross Keys Drive. 2. If it has to go ahead, reduce the number of units and access is enabled via the approved HS2.35 - which already has planning consent through the side entrance from Town Lane.

274 Do you wish to make another representation?

No
