If you wish to support the legal compliance or soundness of the Central Lancashire Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

Policy SS1: Legal Compliance:

Section 8 of housing act 1985/section 225 of housing act 2004/ section 87 of local government act 2003

The GTAA have not identified any specific need for travelling showpeople plots within central Lancashire in this plan. I have personally been in contact with Chorley council over the past couple of years regarding this matter. I currently live on a site [REDACTED] with my wife, young children and parents which is next to the second most dangerous building [REDACTED]. I have been in talks with Chorley council to relocate to the Chorley borough as my business operates and is based all around the area, so it is within our needs to find and safeguard a plot to meet our needs and requirements which has not been considered within this local plan. Because of this the local plan is not compliant or sound on this particular matter. I have found that the GTAA solely focus on the needs and requirements which gypsy and traveller requires and unfortunately we as travelling showpeople get overlooked for our needs and requirements for plots.

86 Please set out the modification(s) you consider necessary to make the Central Lancashire Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified in the question above. (Please note that non-compliance with the duty to co-operate is incapable of modification at Examination). You will need to say why each modification will make the Central Lancashire Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

HS13: Modifications:

The local plan would need changing to say that there is a need for plots for showpeople to be compliant and sound. It would need to state they are finding and safeguarding plots for use of showpeoples needs and requirements.

87 Do you wish to make a representations about a different section of the Plan?

No

Not Answered

301 If your representation is seeking a modification to the plan, do you consider it necessary to participate in examination hearing session(s)?

Yes, I wish to participate in hearing session(s)

302 If you have answered 'yes' to the question above, wishing to participate in the hearing session(s), please outline why you consider this to be necessary:

why participation is necessary:

This is necessary as our voice needs to be heard and noticed that there is a need for showpeople plots within the area. I would be able to explain the needs and requirements of showpeople and help understand the importance of making this change to help relocate families in need like myself

303 By completing and submitting this representation, I agree to my name (and other relevant details necessary) and representation(s) being shared and made available for public viewing.
