South Ribble site allocations: soundness/legality/DtC:

Chapel lane is an already busy road with a busy primary school. The road already requires traffic calming measures. This could lead to dangerous situations for many children who walk or cycle to school. Making it unsafe to do so.

The junction with school lane/chapel lane by the Rams head is already quite a difficult junction to navigate this will cause more delays and potential accidents.

How are the surrounding drs/ schools meant to cope with this increased number of residents?

There are a number of wildlife that live on the proposed site. Owls and dear have been seen on the site. This development would destroy their habitat.

Longton is meant to be a village. This development is not in keeping with the village and is turning it into a town without the infrastructure to facilitate this.

283 Please set out the modification(s) you consider necessary to make the Central Lancashire Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified in the question above. (Please note that non-compliance with the duty to co-operate is incapable of modification at Examination). You will need to say why each modification will make the Central Lancashire Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

South Ribble site allocations: modifications:

Better infrastructure. More schools and doctors
