It is considered that Policy HC3 is unsound as it does not consider all opportunities for the allocation of community facilities within the borough of Preston (including community halls).

The submitted representation document identifies an alternative site outside of a town, district or local centre, or otherwise allocated site with a masterplan, for a community hall to support the local community which it is considered, should be allocated.

(Continue on a separate sheet /expand box if necessary)

6. Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at 5 above. (Please note that non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

The allocations set out within the submitted representation should be given due consideration and allocated for the associated community uses.

If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

It is considered that Policy HC7 is unsound as it does not consider all opportunities for the allocation of new cemeteries / crematoria within the borough of Preston to meet requirements.

It is acknowledged within the Publication Local Plan that the Council is facing a shortage of burial space, as such the plan should look to allocate other appropriate new sites within the borough to ensure availability throughout the plan period. Currently for Preston, only an extension to Preston crematorium is identified, which is located to the east of Preston.

There is an evident opportunity to allocate new sites for this use to meet requirements within the north of Preston also.

The submitted representation document provides information on additional sites to the north of Preston to support the needs of the local community.

6. Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at 5 above. Please be as precise as possible.

We suggest that due consideration should be given to the proposed allocation sites set out within the submitted representation document, which would contribute towards meeting the acknowledged need for this type of use across the Plan period.
